RE: Ethics Policy and Fiscal Policy & Procedures Manual

In recent years, ethics in the workplace has been a big issue. I understand that the vast majority of our employees are hard-working and honest but we have to review, revise and update our policy to insure everyone knows we have a policy and that each employee is educated and aware of the policy.

The residents of the City of Montgomery are our customers. The community must have faith that we can do business in a fair and equitable manner. The City must have faith that we can use tax payers' dollars wisely. The City must have faith we can weed out the bad apples without cover up. It is important that everyone knows, understands and conforms to one standard. Hopefully, this policy will enhance our reputation in the community. If you have any questions about this policy at any time, please do not hesitate to contact your supervisor.

It is the policy of the City of Montgomery to conduct government business fairly and ethically. As employees of the City, each of us has an obligation to act fairly and honestly at all times. Rules cannot guarantee ethical conduct, only the individuals who follow them can.

As a fiduciary of public funds, it is also very important that the City of Montgomery be responsible and accountable for the management of taxpayers' dollars. Consequently, written standards on budgeting, revenue and receipts, expenditures and disbursements, purchasing, contracts, payroll/personnel, fixed assets, and inventory is now being provided to all department heads.

You will find enclosed a manual containing the City's Ethics Policy, the *Alabama Code of Ethics*, and the City's Fiscal Policy and Procedures. It is imperative that a copy of the ethics policies be distributed to every departmental supervisor in order for these documents to be made available to every employee. Additionally, all personnel that are involved with the operation of the accounting infrastructure in the City must have access to a copy of the City's Fiscal Policy and Procedures Manual. Please do not hesitate to contact the Office of the Finance Director if you should have any questions regarding the City's Fiscal Policy and Procedures Manual.

As Mayor of the City of Montgomery, I appreciate your cooperation regarding the aforementioned issues.

Sincerely yours,

Bobby N. Bright
Mayor

**CITY OF MONTGOMERY, ALABAMA
ETHICS POLICY**

I. PURPOSE

The purpose of this policy is to provide all employees of the City of Montgomery with minimum standards of ethical conduct to help ensure that the business of government is free from improper influence, and also to help employees be aware of situations which may pose ethical problems, and give them some guidelines for resolution of these issues.

We cannot legislate the hearts of men. Our code of ethics is designed to put in place a policy to promote the prevention, detection, reporting and consequences of those who violate the policy. Consequences include disciplinary action up to and including dismissal.

II. POLICY

A. All employees are expected to maintain the highest possible ethical and moral standards and to perform within the laws of the State of Alabama and other rules and regulations as may be set forth by the City. It is important to remember that the compensation of all employees is paid through taxes and user fees. Therefore, each employee assumes the responsibility to serve the public in an honest, effective and friendly manner. The conflict of interest provisions of this policy apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the City.

While it is impossible to identify every particular activity that might give rise to a potential conflict of interest, these situations most often arise when an employee is invited to accept an invitation of travel, meals, lodging and/or expenses in connection with conferences, seminars and social events put on by private business seeking to do business or actually doing business with the City.

B. Therefore, it is the policy of the City of Montgomery that no employee, agent, consultant, officer, or elected or appointed official, shall:

1. Use their position for personal gain or engage in any transaction which is in conflict with the proper discharge of official duties.

EXAMPLE: A city council member cannot vote on a tax abatement agreement for a company which employs him.

2. Use or disclose confidential information protected by law, unless appropriately authorized.

EXAMPLE #1: Personal medical information cannot be disclosed.

EXAMPLE #2: The home address of a police officer, firefighter, paramedic or other employee cannot be disclosed.

EXAMPLE #3: Personal tax information concerning a city income taxpayer cannot be disclosed.

3. Directly or indirectly solicit or accept anything of value, for personal use or gain, whether in the form of a service, loan, item or promise from any person, firm or corporation which is interested directly or indirectly in any manner whatsoever in business dealings with the City.

4. Accept compensation, loans, entertainment of more than a nominal value, commissions, property, discounts or anything else of personal financial value from outside parties conducting transactions in which the City might have an interest, or if it is made, offered or arises because of the employee's position with the City.

EXAMPLE: Although vendor paid lunches are discouraged, periodic business lunches not exceeding \$25.00 may be accepted (unless it is paid for every week as a regular event). An all expense paid trip to the Bahamas provided by the vendor would be a conflict. Similarly, a discount from a local restaurant or retail store offered to a specific City employee would be a conflict. However, discounts offered to all City employees are permitted.

5. Engage in or accept private employment or render service for private interest when such employment or service is incompatible with the proper performance of the employee's official duties or would tend to impair independent judgment or action in the performance of official duties.

EXAMPLE #1: A police officer is prohibited from living rent free in an apartment complex under the guise of being security for the complex.

EXAMPLE #2: An employee of the City's Engineering Department is prohibited from having a pavement company doing business with the City; pave his private driveway at a cost less than the market price paid by other consumers of the paving company.

6. While an employee, or for one year thereafter, represent another person before a public agency on any matter in which the employee personally participated as an employee.

EXAMPLE: A City attorney cannot represent a private business entity before the City Planning Commission, while employed by the City. Nor, can a City attorney represent a private business entity who initiates an action before said commission during his employment with the City for a period of twelve months after his employment ends.

7. Receive or agree to receive outside compensation for service rendered in a matter before any office or department of the City.

EXAMPLE: An employee can receive payment for speaking or writing services through a business established before her/his

employment by the City so long as the payment is not from a party regulated by or doing or seeking to do business with the City or the speech is given as part of his/her employment.

8. Have a personal interest in a contract with the City or use their position or authority to secure approval of a public contract in which the employee, a member of the employee's family or business associate has an interest. Employment by the City is a "contract" for this purpose.

EXAMPLE #1: An employee can operate a pet supply business but said employee cannot contract to furnish or furnish pet supplies to the City for its Police Department's Canine Unit.

EXAMPLE #2: A City Personnel Director cannot hire or supervise as a City employee, his wife, child, brother, sister, father or mother.

C. All employees are required to comply with all criminal laws of the United States, the State of Alabama and the City of Montgomery.

D. It is the City's duty to inform its employees and its vendors of the ethics policy and it is the employees and vendors' responsibility to understand the policy and comply with the ethics policy.

E. The following policy is joined to the City of Montgomery Ethics Policy by referencing herein:

Chapter 4, Section XI Travel Procedures, Fiscal Policies and Procedures Manual

III. REPORTING POLICY VIOLATIONS OR WORKPLACE MISCONDUCT

All employees are required to report any illegal activity or policy violations. Failure to do so not only violates city policy but may be in itself a violation of the policy or law. In addition, knowingly and intentionally making a false report of a violation is cause for disciplinary action up to and including termination.

You can report ethics violations to whoever you feel most comfortable with as long as it is your supervisor, the Police Department, the Internal Affairs Office or the Mayor's Office. Every effort will be made to create a hotline for reporting of violations. If requested, every effort will be made to ensure confidentiality if possible on your disclosure of information.

IV. CONSEQUENCES OF VIOLATING POLICY

Each employee is accountable for his/her own actions. Anyone who violates this policy is subject to appropriate disciplinary action up to and including termination.

Any one convicted of violating the ethics policy will be dismissed and cannot be compensated by vendors or any other employment agency at the expense of the City.

V. RETALIATION FOR REPORTING ETHICS VIOLATIONS IS PROHIBITED

It is against City policy to retaliate against anyone for making a report of violations of ethics in good faith. It is management's responsibility to ensure adherence.

It is the responsibility of each employee to report to his/her supervisor, Police Department, the Internal Affairs Office or the Mayor's Office any abuses or suspected abuses and criminal conduct and/or suspected criminal conduct. There will not be any retaliation or intimidation of any employee who reports any misuse of the ethics policy. It is the responsibility for all employees to report misuse and those that have knowledge and do not report it will be considered part of the misuse. He/she should understand everybody has a responsibility to report suspected misuse of the ethics policy.

VI. EMPLOYEE EXPECTATIONS

All employees are required to read, understand and follow the ethics policy. Enforcement is the direct responsibility of the employees' supervisor. Not every situation can be covered by this policy and when not, common sense is expected to prevail in a manner that will bring favor to the city at large. If situations come up that are not addressed by this policy, please contact the Personnel Department.

A. Any employee in doubt as to the application of this Section or other ethics laws or regulations may seek the advice of the City Attorney and/or the Alabama Ethics Commission.

B. New employees will have access to the Alabama's Ethics Laws (Code of Alabama 1975, Sections 36-25-1 through 36-25-30) via their immediate supervisor. Please See Exhibit 1-1, Pages 5-35 for a full copy of the Alabama Code of Ethics.

C. Anyone who is found to have violated the provisions of this Section shall be subject to disciplinary action, as well as, possible criminal charges, which can range from a Class A misdemeanor to a Class B felony.

Section 36-25-2

Legislative findings and declarations; purpose of chapter.

(a) The Legislature hereby finds and declares:

(1) It is essential to the proper operation of democratic government that public officials be independent and impartial.

(2) Governmental decisions and policy should be made in the proper channels of the governmental structure.

(3) No public office should be used for private gain other than the remuneration provided by law.

(4) It is important that there be public confidence in the integrity of government.

(5) The attainment of one or more of the ends set forth in this subsection is impaired whenever there exists a conflict of interest between the private interests of a public official or a public employee and the duties of the public official or public employee.

(6) The public interest requires that the law protect against such conflicts of interest and establish appropriate ethical standards with respect to the conduct of public officials and public employees in situations where conflicts exist.

(b) It is also essential to the proper operation of government that those best qualified be encouraged to serve in government. Accordingly, legal safeguards against conflicts of interest shall be so designed as not to unnecessarily or unreasonably impede the service of those men and women who are elected or appointed to do so. An essential principle underlying the staffing of our governmental structure is that its public officials and public employees should not be denied the

EXHIBIT 1-1 CONTINUED ALABAMA CODE OF ETHICS

opportunity, available to all other citizens, to acquire and retain private economic and other interests, except where conflicts with the responsibility of public officials and public employees to the public cannot be avoided.

(c) The Legislature declares that the operation of responsible democratic government requires that the fullest opportunity be afforded to the people to petition their government for the redress of grievances and to express freely to the legislative bodies and to officials of the executive branch, their opinions on legislation, on pending governmental actions, and on current issues. To preserve and maintain the integrity of the legislative and administrative processes, it is necessary that the identity, expenditures, and activities of certain persons who engage in efforts to persuade members of the legislative bodies or members of the executive branch to take specific actions, either by direct communication to these officials, or by solicitation of others to engage in such efforts, be publicly and regularly disclosed. This chapter shall be liberally construed to promote complete disclosure of all relevant information and to insure that the public interest is fully protected.

(d) It is the policy and purpose of this chapter to implement these objectives of protecting the integrity of all governmental units of this state and of facilitating the service of qualified personnel by prescribing essential restrictions against conflicts of interest in public service without creating unnecessary barriers thereto.

(Acts 1973, No. 1056, p. 1699, §§1; Acts 1975, No. 130, §§1; Acts 1995, No. 95-194, p. 269, §§1.)

EXHIBIT 1-1 CONTINUED ALABAMA CODE OF ETHICS

State Ethics Commission - Creation, composition, qualifications, appointment, terms of office, vacancies, officers; annual reports; compensation; applicability of chapter to members, officers, etc.; director and staff.

(a) There is hereby created a State Ethics Commission composed of five members, each of whom shall be a fair, equitable citizen of this state and of high moral character and ability. The following persons shall not be eligible to be appointed as members: (1) a public official; (2) a candidate; (3) a registered lobbyist and his or her principal; or (4) a former employee of the commission. For purposes of this section, a public official shall not be deemed to include a part-time municipal judge and a registered lobbyist shall not be deemed to include a person whose lobbying activities are limited to providing public testimony to a legislative body or regulatory body or committee thereof. No member of the commission shall be eligible for reappointment to succeed himself or herself. The members of the commission shall be appointed by the following officers: the Governor, the Lieutenant Governor, or in the absence of a Lieutenant Governor, the Presiding Officer of the Senate, and the Speaker of the House of Representatives and shall assume their duties upon confirmation by the Senate. The members of the first commission shall be appointed for terms of office expiring one, two, three, four and five years, respectively, from September 1, 1975. Successors to the members of the first commission shall serve for a term of five years beginning service on September 1 of the year appointed and serving until their successors are appointed and confirmed. If at any time there should be a vacancy on the commission, a successor member to serve for the unexpired term applicable to such vacancy shall be appointed by the Governor. The commission shall elect one member to serve as chair of the commission and one member to serve as vice chair. The vice chair shall act as chair in the absence or disability of the chair or in the event of a vacancy in that office.

Beginning with the first vacancy on the Ethics Commission after October 1, 1995, if there is not a Black member serving on the commission, that vacancy shall be filled by a Black appointee. Any vacancy thereafter occurring on the commission, shall also be filled by a Black appointee if there is no Black member serving on the commission at that time.

(b) A vacancy in the commission shall not impair the right of the remaining members to exercise all the powers of the commission, and three members thereof shall constitute a quorum.

(c) The commission shall at the close of each fiscal year, or as soon thereafter as practicable, report to the Legislature and the Governor concerning the actions it has taken, the name, salary, and duties of the director, the names and duties of all individuals in its employ, the money it has disbursed, other relevant matters within its jurisdiction, and such recommendations for legislation as the commission deems appropriate.

The complaint may only be filed by a person who has or persons who have actual knowledge of the allegations contained in the complaint. A complainant may not file a complaint for another person or persons in order to circumvent this subsection. Prior to commencing any investigation, the commission shall: (1) receive a written and signed complaint which sets forth in detail the specific charges against a respondent, and the factual allegations which support such charges and (2) the director shall conduct a preliminary inquiry in order to make an initial determination that reasonable cause exists to conduct an investigation. The commission shall be entitled to authorize an investigation upon a unanimous written consent of all five (5) commission members, upon an express finding that probable cause exists that a violation or violations of this chapter have occurred. **CITY OF MONTGOMERY, ALABAMA
FISCAL POLICY AND PROCEDURES MANUAL**

**CHAPTER 1
INTRODUCTION
PURPOSE AND ORGANIZATION OF THE MANUAL**

The Fiscal Policy and Procedures Manual (the Manual) has been developed to assist City departments with the operation of the accounting infrastructure. The Manual will assist City departments in complying with statutory requirements and administrative procedures. Furthermore, the Manual documents the policies and procedures related to budgeting, revenue and receipts, expenditures and disbursements, purchasing, contracts, payroll/personnel, fixed assets, and inventory.

City funds are entrusted to the head of each department. The department head is primarily responsible for the expenditure of public monies in accordance with statutes and federal guidelines where applicable. Each department head makes decisions and exercises authority relative to the expenditure of funds within the bounds of the department's appropriation(s) and legal function. This Manual is intended to assist City officials in complying with laws, policies, and procedures that apply to the fiscal administration of City departments. It is not the intent of this Manual to prescribe internal departmental procedures or policies.

This Manual standardizes accounting and financial policies and procedures that are within the authority of the Department of Finance. The Director of Finance and the Mayor have approved this Manual in order to establish rules and regulations governing the performance of all functions and duties of the Department of Finance and these policies and procedures will be applied uniformly to all departments unless specific exemption is granted in writing by the Director of Finance. The fiscal procedures define the functions and responsibilities of the Department of Finance and the methods of fulfilling these responsibilities. Any errors of omission or commission in this Manual are not to be taken as an exemption from the statutes or ordinances; full compliance with such laws is required.

Revisions to the Manual will be made periodically as needed. Revisions will be presented to the Director of Finance and Mayor for review and approval. Suggestions should be submitted to Sarah Corallo, Internal Auditor, at the following addresses.

FISCAL POLICY AND PROCEDURES MANUAL**

**CHAPTER 2
BUDGETING**

I. STATUTORY AUTHORITY

The Budget Officer of the Department of Finance by statute is responsible for preparing the initial information concerning the City budget and its execution, revenue estimates, review of appropriation acts and fiscal analyses. The Budget Officer also assists the Director of Finance and the Mayor in the formulation of the budget; analyzes and revises the estimates of revenues and requests for appropriations of all City departments; and supervises and coordinates the expenditures and other fiscal operations of the departments.

According to Alabama Act 618, Article V-5-02, the budget, as recommended by the Mayor, is published and transmitted to the City Council on or before “the 20th day of August.

The Mayor presents two distinct documents to the City Council.

- A separate current revenue and expense budget for the general operation of the city government, to be known as the “general fund budget”; and
- A budget message.

The Mayor’s budget recommendations, subject to changes by the City Council, are adopted by the City Council as the Operating and Debt Service Budget via Ordinance. The Budget identifies the source of funding and programmatic (functional) areas for which expenditures are authorized. Alabama Act 618 Article V-5-05 requires a balanced budget for annual financial operations. In the event that revenue collections do not meet revenue projections, the Mayor will prorate appropriations and restrict allotments to prevent an overdraft or deficit in the fiscal year for which appropriations are made.

II. THE BUDGETING PROCESS

A. OVERVIEW OF THE BUDGETING PROCESS

The budget is prepared for each fund, appropriation unit and activity by major object of expenditure in accordance with the chart of accounts. Annually, the Budget Officer provides to all departments a set of instructions and forms for preparing a budget request. Formulation of the budget begins with the preparation of estimates of expenditure requirements for the next fiscal year by the administrative head of each budgeted department. These estimates are submitted annually to the Budget Officer. See Exhibit 2-1A-F (Pages 42-47) for a sample budget package.

For business type departments, a detailed statement showing actual departmental revenue for the preceding year and estimated revenue for the current and next fiscal year must also be submitted to the Budget Officer.

All departments are required to provide a personnel classification budget request form showing employees and amounts by classification. The Budget Officer, after receiving the departmental budget requests, prepares a tentative budget. The tentative budget is transmitted to the Finance Director who makes provisions for budget hearings. After the Finance Director's hearings are finalized, hearings with the Mayor begin. After these second hearings are held, the Mayor finalizes the budget recommendations. Before the Mayor makes his final recommendations to the City Council in a proposed fiscal year budget, consideration is given to the revenue estimates prepared by the Department of Finance, the estimated expenditure requirements submitted by the departments, the proposed budget recommendations made by the Finance Director, and to testimony given at the budget hearings by department heads justifying their departmental operating budget.

B. APPROPRIATIONS

An appropriation is the authorization for a department to make expenditures and to incur obligations for specific purposes at the account level. City departments may not spend more than the amount appropriated by the City Council. The Budget Officer is responsible for administering the appropriations. Upon the adoption of the Budget by the City Council, the Budget Officer will enter the appropriation amounts into the City-level accounting and budgeting system by account number.

C. UNLAWFUL USE OF APPROPRIATIONS

It is unlawful for any director, manager, building committee, or other officer or person connected with any City department to expend any appropriation for any purpose other than that for which the money was appropriated, budgeted, and allotted. If the Mayor determines that a department has used appropriations for any purpose other than that for which the money was appropriated, budgeted, and allotted, the Mayor has the power and authority to suspend all appropriations and allotments. This suspension may remain in effect until the diverted or wrongfully expended funds have been replaced.

D. USE OF DEPARTMENT AND INSTITUTION RECEIPTS

All fees, receipts, and income collected or received by a department are to be deposited into the City Treasury unless exempted by the Mayor or a City Council ordinance. These funds are deposited to the credit of the General Fund or other fund as required by law. These funds are not subject to withdrawal by the department except as appropriated and allotted.

A department may not increase its appropriation to expend any revenue derived from the sale, trade-in, or exchange of personal property.

E. APPROPRIATION TRANSFERS

Transfer of budget between accounts by a department may only be made by a formal request to the Director of Finance through the Budget Officer. The standard Budget Transfer Request Form can be found in Exhibit 2-2 (Page 48).

III. REVERSIONS

By statute, all unencumbered balances of all appropriations revert to fund balance at the end of each fiscal year and are credited to the General Fund or the special fund from which the appropriations were made. The exception to this is the appropriations associated with ongoing City projects and grants. These appropriations continue in effect until completion of the project for which the appropriations were made. Encumbered balances revert to the fund from which the appropriation was originally made one year following the close of the fiscal year the encumbrance was made in, with exception to ongoing projects and grants.

A. YEAR-END ENCUMBRANCE PROCEDURES

On September 30 of each fiscal year, all unencumbered monies will revert to the General Fund or other fund from which the appropriation was made. During the last quarter of the fiscal year, departments should review the Encumbrance Master Listing for open purchase orders that should be closed and for other adjustments. This report will be used to determine the up-to-date encumbered and unencumbered balances by fund. An encumbrance is an account used to record the amount of purchase orders and contracts that are chargeable to an appropriation. Encumbrances are commitments related to unperformed contracts and do not include unenforceable commitments or intentions to spend. Therefore, requisitions and other intentions to spend funds are not to be included as part of the encumbered fund balance at year end. The Division of Purchasing will establish a deadline for accepting requisitions for the current fiscal year. The Division of Purchasing will also establish a date in September on which all existing requisitions must be converted to purchase orders and revisions sent to Division of Purchasing for processing. Requisitions remaining after this date will be deleted and must be resubmitted in the subsequent fiscal year.

B. YEAR-END ACCOUNTS PAYABLE

Accounts payables represent a liability of the City for goods and services received but not paid for by the end of the fiscal year. Accounts payable, which are charged by department and account number, will reserve a portion of the fund balance to adequately cover these liabilities.

C. THE THIRTEENTH ACCOUNTING PERIOD

The City's accounting records remain open for a two-month period following September 30. The purpose of this period, termed the thirteenth accounting period, is to allow the payment of outstanding obligations at year end and to permit other accounting adjustments before the issuance of Financial Statements.

D. ACCURACY OF REVERSIONS AND ACCOUNTS PAYABLE

The head of each department is responsible for the accuracy of the amount of money to be reverted. The Certified Public Accountants engaged to audit the City's financial records will audit each department as to the accuracy of the reversion amount and the validity of the encumbrance amounts and year-end accounts payable.

IV. DETAIL BUDGET REPORT

A Detail Budget Report may be printed by a department on an as needed basis. This report shows the variance between year-to-date obligations (expenditures plus encumbrances) and amounts budgeted by the department. See Exhibit 2-3 (Page 49) for an example of this report.

II. PROCEDURES AND DOCUMENT FLOW OF CASH RECEIPTS

Some departments may be designated to deposit their monies directly into a City bank account. Other departments may deposit their monies through the Treasury into a City bank account.

A. DEPARTMENTS DESIGNATED TO DIRECTLY DEPOSIT TO BANKS

The department will deposit monies received directly into a City bank account and are responsible for endorsement of deposited checks as stated above. Responsible personnel will have access to bank deposit slips. The depositing department will then prepare and code a Treasury Receipt through the cash receipt system. The department will send a copy of the daily summary report, bank deposit slip and the bank transaction receipt to the Treasurer for verification and approval. See Exhibit 3-1 (Page 54) for an example of a Treasury Receipt. See Exhibit 3-2 (Page 55) for an example of a daily summary report. See Exhibit 3-3 (Page 56) for an example of a bank deposit slip and a bank transaction receipt.

B. DEPARTMENTS DESIGNATED TO DEPOSIT THROUGH THE CITY TREASURY

The department will deposit monies through the Treasury in a locked bank bag. The deposit will include a daily summary report and a City Cash Receipt form. The Treasurer will verify the deposit and create a Treasury Receipt from the source paperwork. The Treasurer will then prepare a deposit slip and deposit funds into a City bank account. Copies of the completed Treasury Receipt are sent to the depositing department. See Exhibit 3-4 (Page 57) for an example of a City Cash Receipt form.

III. TYPES OF CASH RECEIPTS AND ACCOUNTING EFFECTS

Receipts are categorized into three main types: revenues and other sources, balance sheet receipts, and refunds of disbursements.

A. REVENUE AND OTHER SOURCES

Deposits of revenues include taxes, fees, fines, interest, rent, grants, and government funds. Revenues are deposited by their two-digit deposit code or general ledger account number. A listing of deposit codes are provided in Exhibit 3-5 (Pages 58-73). The accounting effects of depositing revenue are a debit to the Cash account and a credit to the Revenue account.

B. BALANCE SHEET RECEIPTS

A department may deposit monies that cannot, during the current period, be recognized as revenue. These types of deposits include monies held as bond for performance, rental deposits, fees, rents, and grant funds collected in advance. Balance sheet items are deposited by their two-digit deposit code or general ledger account number. A listing of deposit codes are provided in Exhibit 3-5. The accounting effects of the deposit are a debit to the Cash account and a credit to the Balance Sheet Account.

C. REFUNDS OF DISBURSEMENTS

1. Current Fiscal Year Refunds of Current Year Disbursements

If a department receives a refund of monies disbursed in error during the current fiscal year and charged to the current budget year, such as an overpayment to a vendor, the cash receipt form must be coded to the account number used to make the initial disbursement.

2. Refunds of Prior Year Disbursements in the 13th Accounting Period

If a department receives a refund of monies disbursed in error in the prior year but received in the current year while the 13th accounting period is open, the cash receipt form should be coded as a prior year receipt and the account number used to make the initial disbursement should be noted on the City cash Receipt form. This information will be used to process a cash receipt in the current year via the Treasurer's office and an adjusting journal entry (AJE) in the 13th accounting period of the previous year by staff of the Department of Finance.

3. Refunds of Prior Year Disbursements after the 13th Accounting Period

If a department receives a refund of monies disbursed in error in the prior year but received in the current year, and the 13th accounting period is closed, the cash receipt form must be coded to the account number used to make the initial disbursement and deposited in the current fiscal year.

IV. CASH RECEIPT FORM

A Cash Receipt Form is used for all deposits made directly to the City Treasury. The department submits a copy of the Cash Receipt form, the Daily Summary Report, and any other deposit documentation with the cash deposit. The deposit is sent directly to the Treasurer's Office in a locked bank bag. Copies of all documentation submitted will be held at the department for their records.

The Cash Receipt Form and Daily Summary Report must be fully completed in order to process a Treasurer's Receipt. For the specific cash receipt type; the account coding in the middle portion of the form will vary depending on the type of cash receipt. A listing of common deposit codes are provided in Exhibit 3-5.

V. REVENUE REPORT

Each department has the ability to run a Revenue Report, which lists revenues recognized and cash collected for the current period and the fiscal year-to-date vs. the budgeted amount. This report contains only revenues and will not include receipts that are refunds of current year disbursements or balance sheet receipts.

VI. ACCOUNTS RECEIVABLE

Circumstances may necessitate a Department Head granting an extension of credit (Accounts Receivable Customers); however, such considerations will be minimized by rigid discipline in its use. The City Comptroller will be responsible for maintaining a list of outstanding receivables.

Credit extended to account receivable customers will be conducted as follows:

A. CREATION

1. The Department Head will oversee the generation of the respective Department's account receivable invoices and must insure that the accounts receivable customer has the authority to incur a legal debt in the name of the debtor.
2. The Department Head will be responsible to insure that invoices are prepared immediately upon completion of the service or delivery of the material.
3. The Department Head is responsible for obtaining a correct billing address for the customer, Federal Tax ID Number or Social Security Number and for sending a copy of the invoice to the debtor.
4. In no instances will invoicing be less frequent than once a month without the approval of the Finance Director.

B. COLLECTION

1. Collections will be conducted by the Finance Department and recorded through the Treasury as a cash receipt.
2. The Comptroller will be responsible for establishing a ledger for accounts receivables and for collection of the amounts owed the City.
 - a. The amount due is payable within thirty-days of the invoice date, thereupon becoming delinquent.
 - b. Upon becoming delinquent, a statement shall be sent after thirty-days to the customer requiring prompt payment. After sixty (60) days from the invoice date the Comptroller has the authority to institute legal proceedings if not paid.

III. APPROVED VENDORS

The Division of Purchasing is responsible for approving and maintaining a listing of all vendors that are eligible to do business with the City of Montgomery. A form W-9 must be kept on file for each approved vendor. Requests for the use of a new vendor must be submitted to Purchasing in writing by the department head. See Exhibit 4-1 (Page 84) for an example of a W-9. **No purchases can be initiated without vendor approval from The Division of Purchasing.**

IV. ALABAMA BID LAW

A. BID REQUIREMENTS AND EXCEPTIONS

All contracts for labor, service, purchase or lease of materials, equipment, supplies, or other personal property for \$7,500.00 or more by any City department must be let by free and open competitive bidding, on sealed bids, to the lowest responsible bidder (§41-16-20).

Competitive bids are not required for the following (§41-16-21):

1. Utility services - no competition exists, or rates are fixed by law or ordinance.
2. Insurance by the City.
3. Contracts to secure the services of attorneys, physicians, architects, teachers, superintendents of construction, appraisers, engineers, consultants, or other individuals possessing a high degree of professional skill.
4. Contracts of employment in the regular civil service of the City.
5. Tourist advertising.
6. Purchase of alcoholic beverages.
7. Purchases of local materials from any property owners in the vicinity of a project; or purchases and contracts for the repair of equipment used in the construction and maintenance of roads.
8. Products made by Alabama Institute for the Deaf and Blind (§21-2-1 to 4).
9. Maps, photographs, or other items from a federal or state department.
10. Books, maps, manuscripts, pamphlets, or periodicals purchased for use by any City library or any other City supported library.
11. Contract services/ personal property when there is only one vendor.
12. Contractual services and purchases of personal property, which by their nature are impossible to award by competitive bidding.
13. Barter transactions by the Department of Corrections.

B. PENALTIES FOR RECEIVING GIFTS/BENEFICIAL INTEREST

An employee having "...any personal beneficial interest, either directly or indirectly, in the purchase of any personal property or contractual service..." or "...by rebate, gifts or otherwise, any money or thing of value whatsoever or any

promise... for future reward or compensation..." is in violation of the law. Any violation is a misdemeanor, and upon conviction, the individual may be imprisoned for not more than 12 months or fined not more than \$500 or both. The individual will also be removed from office (§41-16-30).

C. ADVERTISEMENT/SOLICITATION OF BIDS

The City Purchasing Agent is required to advertise for sealed bids on all purchases of an item in excess of \$7,500 by posting a notice on a bulletin board in the reception area of the Purchasing Division, or by publication of a one time notice in a newspaper published in Montgomery County, Alabama. Under the direction of the Purchasing Agent, sealed bids will be mailed to all Alabama persons, firms, or corporations and other persons, firms, or corporations the Purchasing Agent deems necessary to insure competition. No purchase or contract involving an item in excess of \$7,500 may be divided into partial contracts to avoid the requirements of this article (§41-16-24).

D. LETTING OF CONTRACTS WITHOUT PUBLIC ADVERTISEMENT

In case of emergency affecting the public health, safety or convenience, as declared in writing by the department head, the contract may be let to the extent necessary to meet the emergency without public advertisement. This action and reasons will be made public by the awarding authority (§41-16-23).

E. AWARD OF CONTRACTS

Purchases made through competitive bidding will be awarded to the lowest responsible bidder, with consideration given to the quality of the commodities, conformity to specifications, terms of delivery, and freight charges. A contract for the purchase of personal property or service will be let for periods no greater than three years (§41-16-27).

F. ASSIGNMENT OF CONTRACTS

Prior to an award, the bid package is sent to the requesting department for evaluation. The department returns the bid package and evaluation to the Purchasing Division. An awarded contract is not assignable by the bidder without written consent of the awarding authority and the requisitioning department. A contract cannot be assigned to a bidder whose bid was rejected (§41-16-29).

V. CONTRACT ROUTING

All agreements for goods and/or services that create a commitment between the City of Montgomery and another party, or parties, are to be routed from the point of origin through the appropriate departments for signature approval prior to execution of the agreement by the Mayor.

To initiate the routing process, the originating department of the agreement must obtain a pre-numbered routing sheet from the Department of Finance. See Exhibit 4-2 (Page 85) for an example of this form. The requestor will have to sign a log sheet before being given the pre-numbered routing sheet. This process will enable the Department of

Finance to track all potential commitments, determine funds availability before execution of a contract, and properly book executed contracts in a timely manner.

VI. GRANT APPLICATION AND REWARD NOTIFICATION

It is imperative that the Department of Finance be notified of any and all grant applications in order to comply with Single Audit Requirements. If someone other than the Grant Administrator applies for a grant, a copy of all applications should be forwarded to the Grant Administrator and to the City Comptroller. The Comptroller should also be notified when the grant is approved or disapproved.

When a grant has been approved a financial commitment has been made to the City of Montgomery and the transaction must be recorded by the Department of Finance. Consequently, it is imperative that executed documentation be immediately sent to the City Comptroller in the Department of Finance.

VII. THE REQUISITION PROCESS – CREATING A PURCHASE ORDER OR BLANKET PURCHASE AGREEMENT (BPA)

The purchasing process includes several layers of approval. The following is a step-by-step account of a typical requisition:

1. Submission of a requisition. The electronic requisition is prepared within the department. See Exhibit 4-3 (Page 86) for an example of an electronic requisition.
2. Department Head Approval. The department head will electronically review and approve the requisition.
3. Accounting Approval. The requisition is then checked for coding accuracy by the Division of Accounting and approved.
4. Finance Director or Deputy Director Approval. After the third layer of approval, the requisition is forwarded to the Finance Director or Deputy Finance Director for approval.
5. Creation of Purchase Order. Upon the fourth layer of approval, the requisition is forwarded to the Division of Purchasing for quoting, bidding, and the creation of a purchase order (PO) or blanket purchase agreement (BPA). See Exhibit 4-4 A and B (Pages 87-88) for examples of electronic and manual purchase orders. The originating department should maintain a copy of the PO regardless of manual or electronic creation.

If a City Council district's discretionary funds are to be used to fund a requisitioned item, written approval from the councilperson **must be** obtained before a purchase order is created.

Creating a purchase order initiates an encumbrance (reserve) of the department's funds. The effect of an encumbrance is to commit a portion of the department's appropriation at the time the PO is processed. The department's appropriation and allotment balances must be adequate to cover the amount of the purchase order. The purchase order will obligate the department's appropriation and allotment by the amount of the purchase order. The accounting system will ensure the availability of budgetary authority.

Blanket purchase agreements (BPAs) are created in the same manner. A BPA is issued to vendors who are repeatedly used for the same commodities. BPAs are left open throughout the fiscal year.

VIII. PROCESSING OF PAYMENT FOR A BLANKET PURCHASE AGREEMENT (BPA), OR PURCHASE ORDER (PO)

The following is a step-by step account of a typical BPA, or PO payment:

1. Material Receipt. When the ordered materials arrive, the department submits a material receipt through the accounting system. This electronic receipt documents the date received, quantity, and identify of the employee who received the materials. See Exhibit 4-5 for an example of an electronic material receipt. For the material receipts of fixed assets, a manual material receipt is required. See Chapter 5 for Fixed Asset Procedures.
2. Receipt of Invoice. The department should receive the invoice and any other type of documentation needed to process payment from the vendor. The invoice is compared against the PO for accuracy. If there is a difference of more than \$1, the Purchasing Division must be contacted to help determine the discrepancy. If all documentation matches, it is sent to the Accounting Division for processing. See Exhibit 4-5 (page 89) for an example of a material receipt.
3. Accounting Approval. The Accounting Division receives the invoice and any other additional documentation. See Exhibit 4-6 (Page 90) for an example of a vendor invoice. All documentation is reviewed, approved, and entered into the system. Any issues that arise during this review will be resolved before payment is processed.
4. Inclusion in the Check Run. The invoice is included in the Accounting Division's weekly batch of checks to be processed.

IX. PROCESSING OF PAYMENT FOR A FIELD PURCHASE ORDER (FPO)

Departments are responsible for entering payment transactions directly into the accounting system. It is the responsibility of each department to ensure sufficient expense budget exists, and the proper vendor and account codes are used. Failure to adhere to these requirements by the department may cause a serious delay in payment and an unnecessary waste of time and effort. The following is a step-by-step account of a typical FPO payment:

1. Order Received from Vendor, Receipt of Materials, and Receipt of Invoice. Usually, but not always, a department will receive the invoice at the same time as receiving (and sometimes ordering) the materials.
2. Department Head Approval. The department head will review and approve the invoice (and any other supporting documentation) via signature on the face of the invoice.
3. Creation of the FPO. The department will create the FPO in the accounting system. It is important that the FPO is coded with proper vendor and account codes. Also, the account must have sufficient budget. See Exhibit 4-7 (Page 91) for an example of a FPO. The FPO number is then written on the invoice and forwarded to the Accounting Division.

4. Accounting Division Approval. The Accounting Division receives the invoice and any other additional documentation. All documentation is reviewed and electronically approved. Any issues that arise during this review will be resolved before payment is processed.
5. Finance Director or Deputy Director Approval. The FPO is forwarded to the Finance Director or Deputy Finance Director for review and approval.
6. Inclusion in the Check Run. The invoice is included in the Accounting Division's weekly batch of checks to be processed.

If a City Council district's discretionary funds are to be used to fund an FPO purchase, written approval from the councilperson must be obtained before the FPO is approved for payment.

X. ORIGINAL SIGNATURES

An original signature is required for the following documents:

- All FPOs must have the original signature of the department head or assistant department head on the face of the invoice.
- All City Mileage Reimbursement forms require the traveler's signature to be original. It must have the department head's signature on the face of the paperwork as noted above. See Exhibit 4-8 (Page 92) for an example of a mileage reimbursement form.
- All City Travel Certificates require both the traveler and a notary signature to be original. It must have the department head's signature on the face of the paperwork as noted above. See Exhibit 4-9 (Page 93) for an example of a travel certificate.
- All contract change orders must have original signatures of the contracting parties.
- All expenditures using special Mayor or City Council funds over \$10,000 must have an original signature from the City Council or Mayor's office.
- All material receipts for fixed assets must include the original signature of the receiving employee.

XI. TRAVEL PROCEDURES

A. REQUEST FOR TRAVEL

1. All requests for out of town travel must be approved by the Mayor prior to the travel date(s).
2. All advance checks for travel funds, registration fees, etc. will be issued in accordance with the City's check issuance guidelines. The traveler is responsible for all funds advanced and is required to prove all expenses with itemized receipts. Any remaining advance will be returned to the City Treasury.
3. In the event of an emergency where the individual must travel outside the municipality and sufficient time does not exist to process an advance check for travel, the Finance Department holds a credit card that may be used to charge travel expenditures incurred only after approval of said emergency by the Finance Director or Deputy Finance Director. Immediately upon the

completion of the emergency travel, the traveler must remit all receipts to the Finance Director's office. Upon receipt of the credit card invoice, the expenditures for emergency travel will be charged to those departments that used the card.

B. TRAVEL ADVANCES

1. The individual must be an officer or a full time employee of the City (contract individuals are not eligible for advance travel).
2. No individual may have more than one travel advance outstanding at any time.
3. The maximum advance for any individual shall be the estimated cost of the trip.
4. A travel advance FPO shall be attached to a signed and approved travel request by the Mayor.

C. REQUEST FOR A CITY GAS CARD

1. In the event that a City vehicle will be used as the mode of transportation, a gas card will be issued to the traveler. All requests for gas cards shall be submitted to the Accounting Division.
2. A listing of all gas cards should be maintained by the Accounting Division at all times containing:
 - a. Authorized Holder's Name and Department
 - b. Credit Card Account Number
 - c. Credit Limit
3. Gas cards are ONLY utilized for City of Montgomery travel over 50 miles from City limits.

D. TRANSPORTATION

1. Travel must be performed over the most direct route using the most efficient and economical means consistent with requirements. If the traveler travels by an indirect route, or by less economical means, then, the traveler shall be responsible for any extra cost, subject to the approval of the respective department head.
2. The use of private vehicles may be authorized by the respective Department Head if an appropriate City vehicle is not available. The employee must show proof of sufficient liability insurance and be approved as a City driver by the Division of Risk Management.
3. In the event the Department Head authorizes the use of a private vehicle and proof of liability insurance has been submitted to Risk Management, the traveler shall be reimbursed at the current City Council approved mileage rate, which is currently \$0.35 per mile. If two or more individuals travel in the same vehicle, only the vehicle owner may receive reimbursement.
4. Advance common carrier tickets (air, bus, etc.) are authorized for travel which is impractical by automobile. These tickets shall be obtained through the most economical mode available and shall be coach accommodations.

E. HOTELS

Hotel reservations will be made for single rooms unless otherwise approved. Accommodations utilized shall be standard and reasonable.

F. MEALS

1. Normal, actual meal expenses incurred during travel are authorized. Itemized meals receipts are required. Per diem is not allowed.
2. No payment for alcoholic beverages will be allowed.
3. Snacks between meals are not authorized as legitimate travel expenses. The traveler is responsible for purchasing his own snacks.

G. TRAVEL REPORTING PROCEDURES

1. All travel expenses (other than gas card expenses) must be filed on a City Travel Certificate and turned in to the Internal Auditor in the Finance Department within **fourteen (14)** days after completion of travel. The Certificate will be verified and signed by a notary public and must be attached to the receipts that support the expense on the report. The burden of proof and justification for expense reimbursement is on the traveling party.
2. If additional reimbursement is requested, it must also be approved by the department head and processed as an FPO.
3. If the individual spent less than was advanced for his travel, the remaining advance must be returned to the City Treasury with a copy of the City Travel Certificate and supporting receipts.
4. All gas card expense receipts, along with the gas card, must be returned to the Accounting Division within two (2) business days after completion of travel.

H. REQUIRED RECEIPTS

1. The following receipts shall be required and attached to the City Travel Certificate:
 - a. All hotel charges.
 - b. All common carriers and mileage charges. Receipts for taxi and limousine expenses will be obtained if available.
 - c. Meal receipts for all meals including tips. Meal receipts must be itemized and labeled as breakfast, lunch and dinner regardless of the dollar amount.
 - d. All registration fees.
 - e. All other miscellaneous fees, such as parking, telephone calls (business-related calls only), emergency office supplies, etc.
2. A written statement approved by the respective Department Head is required for all misplaced receipts and is subject to approval.

I. FRAUDULENT TRAVEL CLAIM

1. All expense reports shall be certified by the traveler and reviewed for approval by the Department Head. The burden of proof and justification for expense reimbursement is on the traveling party.
2. Any individual who willfully claims fraudulent travel expenses shall be subject to legal prosecution and termination.

3. The Internal Auditor is directed to report all suspicious expenditures to the Finance Director or Deputy Finance Director. Copies of findings will be given to the Mayor.

XII. PETTY CASH PROCEDURES

A. ESTABLISHING A PETTY CASH ACCOUNT

All requests for new petty cash accounts or changes to existing petty cash accounts' amount or custodian must be approved by the Finance Director. **The custodian of the petty cash account is responsible at all times for the entire balance, including unexplained shortfalls.**

B. USE OF A PETTY CASH ACCOUNT

The custodian will keep petty cash in a secured location, preferably in a locked drawer. The custodian will also keep a ledger of all cash inflows and outflows. All petty cash outflows must be supported with the original register receipt and a petty cash receipt. The petty cash receipt will be completed, including signatures of the employee requesting reimbursement and the custodian. Excluding petty cash reimbursements from Finance, all petty cash inflows must be supported with a petty cash receipt. See Exhibit 4-10 (Page 94) for an example of this receipt.

Under no circumstance will the custodian cash an employee's personal check from the petty cash account. The custodian will not advance an employee cash for personal use. Cash advances to employees for legitimate expenses are permitted, with the completion of a petty cash receipt.

The custodian will complete an FPO for reimbursement of petty cash when needed, but at least monthly. Copies of all documents submitted to Finance are to be filed for the custodian's records. Finance will reimburse the petty cash account via check after review of submitted expenses. The custodian will cash the petty cash reimbursement check immediately upon receipt to replenish the petty cash drawer.

When the custodian is notified by Finance of a disallowed expense, he or she must take steps in order to replenish the petty cash for that amount. A listing of legitimate and illegitimate expenses may be found in Section C below. The custodian may request repayment from the employee who originally requested the petty cash expenditure. **However, the custodian is ultimately responsible for the balance of the petty cash account, including unexplained shortfalls.**

C. LEGITIMATE AND ILLEGITIMATE EXPENSES

Legitimate expenses allowed by Finance include, but are not limited to:

- Any item needed for an employee to perform his or her duties, provided an item of equal use is not available at the warehouse
- Food expenses not for use by employees

Illegitimate expenses disallowed by Finance include, but are not limited to:

- Alcoholic beverages

- Food expenses for employees
- Gifts for employees
- Any item needed for an employee to perform his or her duties purchased elsewhere, when an item of equal use is available at the warehouse.
- Sales tax

**CITY OF MONTGOMERY, ALABAMA
FISCAL POLICY AND PROCEDURES MANUAL**

**CHAPTER 5
FIXED ASSETS**

I. CLASSIFICATION OF FIXED ASSET PURCHASES

A. NON-CAPITALIZED ASSETS

Equipment and other assets that cost \$1,000.00 to \$4,999.99 **per item/unit** must be coded (charged) to:

XXX-XXXX-XXX-53-XX.

B. CAPITALIZED ASSETS

Equipment and other assets that cost \$5,000.00 or more **per item/unit** must be coded (charged) to:

XXX-XXXX-XXX-43-XX.

II. COST CALCULATION

A. COST CALCULATION FORMULA

The cost of Capitalized and Non-capitalized assets should include all normal and reasonable cost associated with getting the asset in place and ready for use. The cost per item/unit may include the following.

1. Purchase Price
2. Freight
3. Installation
4. Training cost associated with initial use of the asset

If assets are purchased in a lot or in bulk, the **per item/unit** cost will determine the proper classification for that asset.

B. DONATED ASSETS

Donated fixed assets must be valued at the fair market value at the date of donation.

C. EXAMPLES

1. A City department purchases 10 monitors costing \$579.00 each. The total cost of the invoice including freight is \$5,908.00. This transaction would be expensed due to the per unit cost being under the \$1,000 threshold for non-capitalized assets.
2. A City department purchases a ventilator pump. The pump's purchase price is \$950.00 and requires special installation by the manufacturer. Installation charges are \$75.00 and freight charged on the shipment is \$38.19. The ventilator would be coded to XXX-XXXX-XXX-53-01 and receive a City property tag. The pump would be classified as a non-capitalized asset because the total cost of the pump is \$1,063.19 and falls within the threshold for non-capitalized assets.
3. The City purchases a dump truck for \$158,000.00. The dump truck would be coded to XXX-XXXX-XXX-43-04 and receive a city property tag. The dump truck is a capitalized asset.

III. REQUIRED FIXED ASSET DOCUMENTATION**A. MATERIAL RECEIPT**

After a department has obtained proper authorization to purchase a **fixed asset**, completed the purchasing process, and received the appropriate **asset or equipment**, a manual **material receipt form** must be completed. The material receipt form must include:

1. Department which purchased goods
2. Vendor from which goods were purchased
3. Purchase order number associated with this merchandise
4. Date goods were received
5. Quantity received
6. Description of goods
7. Serial number(s) of each item received
8. Unit cost of each item
9. Total cost
10. Department to charge for purchase
11. Coding

The material receipt form must be dated (actual date goods were received), signed certifying that the goods were received, and any shortages or damaged goods should be noted. The **original** completed material receipt form must accompany the vendor's invoice and both documents sent to the Accounting Division for payment. Documentation for lease purchases must be sent to Rene Pasley in the Finance Department.

For departments that purchase equipment and other fixed assets on behalf of other departments; i.e. Fleet and IT, the fixed asset number assigned to each fixed asset purchased must be included with the merchandise description and its serial number on the material receipt form.

B. FIXED ASSET TAG

Only assets costing \$1,000 or more **per item/unit** must have a City of Montgomery property tag affixed to the asset. The property tag must be attached prior to placing that asset into service. Tag placement is the responsibility of the department purchasing the fixed asset. Fleet Maintenance and IT are responsible for property tag placement of all fixed assets that flow through their departments respectively. All other departments will receive property tags along with a copy of the purchase order for the appropriate equipment or other assets from the Finance Department. City of Montgomery property tags must be placed on the asset in an area that is easily readable and tamper proof for audit purposes.

C. DONATED ASSETS

City property tags must be attached to donated assets prior to its placement into service. Land can not physically be tagged; however, a property number will be assigned to donated land and maintained in the city's files.

Supporting documentation for donated land must include a physical address of the land, legal description of the land, total square footage donated, and fair market value at the date of donation.

IV. ACQUISITION REPORTING

Departments authorized to purchase fixed assets on behalf of other departments are required to report to the Finance Department the fixed asset numbers assigned to each fixed asset purchased. Additional information which must be included in monthly reports to the Fixed Asset Manager in the Finance Department is listed in the Documentation and Flow section above. Monthly reporting forms are to be obtained from the Fixed Asset Manager.

V. FIXED ASSET DISPOSALS

When assets, both tagged and non-tagged, become obsolete and in need of disposal, the Department Head responsible for the asset must submit a memorandum to the Finance Department describing why the equipment is no longer needed.

The asset, with its property tags attached, must be sent to the Purchasing Division. Purchasing will complete the Declaration of Surplus Property form and send it to the Department Head for signature. A copy of the signed declaration, accompanied by any other supporting documentation, is sent to the Accounting Manager for processing the disposal in the accounting system.
